

## ALL THE INTEREST ABOUT MAFEKING

**Baden-Powell and his Brave Garrison In Peril of Capture.**

## RELIEF FORCES SLOW

**Boers Are Strengthening Their Position Around the Town of Biggarsburg.**

**British Are Extending Their Lines North and West of Ladysmith—Free Staters Are Surrendering to the British By the Thousands—Boer Women Form a Regiment of Amazons—Desperate Resistance to British Advance Into the Transvaal.**

Berlin, March 19.—[Special Cablegram.]—The Klein Journal today says it learns that negotiations for peace in South Africa are now going on and that both the German and American diplomats are endeavoring in a friendly way to find a basis for peace.

London, March 19.—[Special Cablegram.]—Up to a late hour this afternoon there were no advices from South Africa tending to confirm or deny the reported relief of Mafeking. All interest still centres around Baden-Powell and his brave garrison. It seems to be an even thing whether the town falls or will be saved.

A Pretoria dispatch dated March 15, says that Mafeking is surrounded by a strong force and that the British relieving force will not be able to break through. It is believed that everything depends on Col. Plumer, as the relieving army advancing north from Kimberley has only reached Warrentown, one hundred and eighty miles from the beleaguered city.

There is no intimation when Gen. Roberts will make his next move. The British are extending their lines north and west of Ladysmith. Aggressive operations are in abeyance pending further restoration of communication with the coast and the bringing up of supplies. The Boers are reported to be strengthening their position around Biggarsburg and are apparently preparing to resist any attempt of the British to advance into the Transvaal via Laing's Nek.

## FREE STATERS GIVE UP ARMS

That Whole Region is Surrendering to Gen. Roberts.

London, March 15.—[Special Cablegram.]—The reports from the Free States all indicate that the burghers of that republic are surrendering in large numbers and bringing in arms of all sorts. Lord Roberts makes them sign an oath to refrain from further fighting and then permits them to return to their farms.

General Polo-Carew, who is at Norval's Pont, has telegraphed a message to General Clements that 1,800 Free Staters have surrendered at Edenburg, a station south of Bloemfontein.

Near Relief of Mafeking.

While the latest reports from Mafeking direct are dated the 10th and describe the investing Boer army as extremely active, several London papers this morning incline to the opinion that the town has been relieved.

The basis for this theory lies in the fact that Colonel Plumer, when last heard from two or three days ago, was only fourteen miles away, and his force was then engaged in reconnoitering. The expedition is pushing on rapidly.

**Boer List of Casualties**

The Boers have issued a list of casualties placing their total killed and wounded up to Roberts' campaign at 4,500, and since then the Daily Mail estimates they have lost another 1,500 or 2,000 killed and wounded and over 5,000 prisoners, and 10,000 deserters or voluntary surrender in the Free State. If the estimate is true the Boers have not over 30,000 in the field at present.

A dispatch to the Daily News from Bloemfontein, dated Friday, March 16, says:

"Events have occurred which induce some to predict that the war will last only so long as it takes to march to Pretoria. The educated Boers, even the Transvaalers, are ready to accept the inevitable.

"I am told that a corps of 2,000 women has been formed at Pretoria. It is called the Amazon Corps. All the members are uniformed in kilts and are armed."

**Judge John Bingham Dead.**

Cadiz, O., March 19.—[Special Telegram.]—John Bingham, judge advocate in the trial of Lincoln's assassins, died this morning.

## END OF "SHELDON WEEK."

**Preacher Drops Out, Leaving Publishers in a Row.**

Topeka, Kan., March 19.—"May God bless the use of the press of the world to the glory of his kingdom on earth." With these words the preacher-editor concluded his valedictory in the so-called Sunday edition of the Capitol, which went to press at 5 o'clock Saturday afternoon. Yet "Sheldon week" came to an end in a hot fight among the stockholders of the paper.

The trouble began Friday night with the announcement by F. O. Popenoe, the principal stockholder, that the paper would continue to be printed along the lines laid down by Mr. Sheldon with some modifications. This the regular editor, Gen. Hudson, and publisher, Dell Hersey, deny in vigorous and picturesque language.

## RIOTING AGAINST THE TITHE LAWS

**Turkish Officials Fear Disturbances at Varna, Bulgaria, Will Result in Rebellion.**

Sofia, Bulgaria, March 19.—[Special Telegram.]—Rioting, due to the rigorous enforcement of the tithe laws, is going on at Varna, Bulgaria. Troops fired on the rioters today, killing and wounding a number. The Turkish officials fear that the riot presages revolution against Turkey.

## VIOLA HORLOCKER IS PUT ON TRIAL

**Accused of Trying to Poison a Married Woman to Get Her Husband.**

Hastings, Neb., March 19.—[Special Telegram.]—The trial of Viola Horlocker, the so-called "Mrs. Botkin of Nebraska," commenced here this morning. The prisoner, who is pretty, and a member of one of this city's best families, is accused of sending poisoned bonbons to Mrs. Ann Morey, whom it is said, she wanted to kill in order that she might marry Morey.

## MACHINISTS WILL STRIKE ON APRIL 1

**Walkout Which Will Involve Over 100,000 Men All Over the Country.**

Chicago, Ill., March 19.—After the conference between representatives of the International Association of Machinists and the administrative council of the National Metal Trades association ended at 1:30 o'clock this morning, President James O'Connell of the union, declared that strikes would be called immediately in all parts of the United States and Canada. Such strikes would involve 100,000 men, and cause to be shut down for an indefinite period plants having an aggregate capital of millions of dollars.

President O'Connell said that the last details of plans for calling a national strike this week were being perfected. He put himself in communication during the day with the local unions of several of the big cities east and west. He declares that all is in readiness for a general walkout before April.

Chicago labor troubles are responsible for the disagreement which is expected to precipitate the general machinists strike.

## CORN FOR STARVING PEOPLE IN INDIA

**Rev. Charles M. Sheldon Calls For Aid—Effort to Raise 1,000,000 Bushels in Thirty Days.**

Topeka, Kan., March 19.—From his pulpit yesterday the Rev. Charles M. Sheldon called upon the people of Topeka and Kansas to contribute 1,000,000 bushels of corn for the relief of the starving people in India. Mr. Sheldon declared there were more than 8,000,000 people in India actually suffering for the necessities of life, and after dwelling eloquently upon the conditions there, requested the members of his congregation to begin the work of relief. He not only asked them to solicit contributions individually, but also to write to their friends throughout the state requesting them to do the same. The newspapers of Kansas will also be asked to take up the matter and call for contributions.

Mr. Sheldon stated later that he hoped to have the 1,000,000 bushels of corn ready to ship to India within the next thirty days. Asked what his idea was in asking for corn, instead of the other necessities of life, he said it was because Kansas had raised such a big corn crop this year and had more of that to spare than any other article.

In his sermons Mr. Sheldon referred to his newspaper experiment last week but once, and only then indirectly. In speaking of the corn contributions for India he referred to what he had published during the week concerning the conditions there. The church was crowded to its capacity at both services.

## GEN. HARNDEN'S BODY WILL LIE IN STATE

**PREPARATIONS FOR FUNERAL UNDER WAY AT MADISON.**

**Services On Wednesday—Circular Urging G. A. R. Posts In State to Send Representatives—S. H. Tallmadge, New Department Commander In Madison Making Final Arrangements.**

Madison, March 19.—General Henry Harnden died Saturday evening. S. H. Tallmadge, the new department commander of the Department of Wisconsin G. A. R., arrived from Milwaukee last night and is busy today with arrangements for the funeral of Gen. Harnden. The funeral will take place at 10 o'clock Wednesday morning at the Congregational church.

The body will lie in state at the church during tomorrow. The honorary bearers will probably be ex-department commanders. The Rev. E. G. Updike, pastor of the Congregational church will conduct the services. The usual Grand Army ritual will be used. The Lucius Fairchild post, of which the dead commander was a member, will contribute some handsome floral designs and will attend the funeral in a body.

**Circular From Headquarters.**

The following circular letter has been issued to the officers of the various posts of the state from the headquarters of the department in Madison:

"General Henry Harnden, commander of the Department of Wisconsin, Grand Army of the Republic, died at his home in this city at 7:30 p. m., March 17. His funeral has been appointed to occur on Wednesday, March 21, at 10 a. m., at the Congregational church.

Posts are earnestly requested to send representatives to take part in the observance of the twenty-eighth department commander and the first incumbent of that office to die during his term. The department officers and members of the general and personal staff are requested to be present.

Posts will, at their next regular meetings, place a minute upon record commemorating the eminent services of General Harnden as a soldier and citizen of the republic. A commemorative order will shortly follow this circular.

**LOCAL POST TO BE REPRESENTED**

Meeting Called to Take Action on the Death of Gen. Harnden.

Tomorrow evening members of W. H. Sargent Post No. 20, G. A. R., will meet at their hall in this city to take action on the death of the late Department Commander General Henry Harnden. Representatives from the local post will attend the funeral. Colonel E. O. Kimberley was on General Harnden's staff and was well acquainted with him.

Colonel Kimberley said this morning: "General Harnden was a man greatly beloved by the Grand Army members and his death will be mourned by many in all parts of the state. The object of the meeting tomorrow evening is to appoint representatives from the local order to attend the funeral."

## BAUMGAERTNER HAS NO OPPOSITION

**Milwaukee Republicans Will Nominate Him For Mayor—Wallber For County Judge.**

Milwaukee, March 19.—[Special Telegram.]—The republican city convention was called to order in the West Side Turner hall this afternoon at 2 o'clock by Oscar H. Pierce, chairman of the republican city committee. As soon as the list of certified delegates has been read, and the convention is prepared to proceed with its work, Attorney Theodore Kronsage, who has been an active Baumgaertner leader, will be elected the chairman of the convention.

**Richardson Withdraws**

When Henry J. Baumgaertner's name is presented for the nomination for mayor, a motion will be made by a Richardson delegate that the nomination be made by acclamation.

A graceful letter of congratulation and acknowledgement of his own defeat was sent by Wade H. Richardson to Mr. Baumgaertner yesterday, and received by the latter last evening. He announces that he will abide cheerfully by the result of the caucuses, and this places Mr. Richardson voluntarily out of the race.

The only contest that is likely to develop in the convention will be over the nomination for city treasurer. In this William H. Stevens has a clear lead, but a tremendous amount of work was done yesterday in the interests of William A. Starke. The chances are good, however, that Stevens will be nominated. O. H. Reeking will be nominated for comptroller by acclamation.

**Wallber For County Judge**

The republican convention for the nomination of a judge of the county court met in the West Side Turner hall at 10 o'clock this morning. Judge Wallber was nominated on the first ballot.

## OTIS SAYS DANGER IS NOW AT MANILA

**JUNTAS OF THE FILIPINO REBELS GROW MORE BOLD.**

**Metropolis Is the Most Troublesome Center of the Situation—Steps Taken to Prevent Rebels From Communicating With Natives—Tagalos In The Provinces Active.**

Manila, March 19.—General Otis considers Manila the most troublesome center in the situation today. The insurgent junta here, in conjunction with that in Hongkong, is growing active.

The military authorities have been forced to put a stop to Mabini's intercourse with the public. The local and foreign press consider his recent utterances calculated to incite the Filipinos to a continued revolt and prejudice to American control.

Spaniards and Filipinos who are conversant with the Tagalo character unite in asserting that Aguinaldo's capture would terminate the revolution. Three months have passed since he was actively pursued.

**Rebel Leaders in Manila.**

A number of representative insurgent leaders from different parts of Luzon have recently been in conference in Manila. Some have been placed under arrest, but the others thus far have not been interfered with.

It is asserted upon good authority that three loads of arms and ammunition have recently been landed on the east coast of Luzon.

Captain Taylor of Thirty ninth Regiment, recently captured twelve new Mausers near Calamba.

**Active in the Provinces**

Reports are current here of active rebel reorganization in the Province of Morong, where the insurgent leaders are said to be assisted by prominent Spanish residents. Inhabitants of this province who are now in Manila have been advised not to return to their homes, but to remain under the protection of the Americans.

It is also reported that the rebels are reorganizing in the Province of Zamboanga under Mascardo. Brigands are committing atrocities in the Province of Nueva Ecija, where they have murdered twenty natives and Chinamen. Eight other murders have been committed near Tarlac.

In the Province of Albay the insurgents have ceased harassing the Americans, owing, it is reported, to a lack of ammunition, but they continue ravaging the country by burning and looting. The natives are tiring of this sort of thing, and threaten to turn against the marauders. Already the townspeople of Legaspi, Albay, and Donzola are slowly returning to their homes.

Major Allen of the Forty-third regiment, has been appointed military governor of the Island of Samar, where Lukban, the former leader of the rebels in that locality, is still in the mountains.

**Ports Opened by Kobbie**

Gen. Kobbie has opened twenty ports in the southern part of Luzon and in the Islands of Samar and Leyte, the result of which is to stimulate trade there, although only temporarily, as the country opened is non-productive and apparently non-consuming.

Evidence accumulates of the treason and perfidy of the municipal presidents in the provinces of General MacArthur's district. The presidents of several towns in Lepanto and Union provinces have declined to continue in their positions, saying that they do not desire any further identifications with the Americans.

**To Garrison Mindanao Ports**

Tomorrow will sail the expedition to garrison the ports of northern Mindanao. It will be accompanied by the gunboats Manila and Yorktown.

The expedition will take the Fortieth Volunteer regiment from the Camarines. If more troops are needed the Thirty-first regiment, now in southern Mindanao, and the Twenty-third, now in Jolo, are available.

## POPE LEO RECEIVES 12,000 PILGRIMS

**Basilica Rings with Cheers and Cries of "Long Live Pope Leo" and "Long Live the King."**

Rome, March 19.—Pope Leo at St. Peter's yesterday blessed 12,000 pilgrims from the Latin Province. Enthusiastic applause, hurrahs, and cries of "Long live the pope," and "Long live the king," resounded within the immense basilica when Leo appeared seated on the goliard chair, on which he made the tour of the church. Afterwards the pilgrims assisted at a high mass celebrated by Cardinals Agliardi, Serapio, Vannutelli, Saint John, and Lateran, in the basilica. The pope pulled off his own ring and presented it to Mgr. Rumeau, bishop of Angers, while the latter was kneeling to kiss Leo's foot.

## PREPARING FOR PARIS FAIR

**French Parliament to Adjourn Over Reception of Foreign Royalties**

Paris, March 19.—It is expected that the French parliament will be prorogued on April 6 until May 15 to allow the ministers to receive royal visitors to the exhibition. The Martiniq affair comes up for discussion on Tuesday, and a lively debate is certain to ensue. The government, however, expected to make satisfactory explanations.

## EXCITING AUTOCAB THIEF HUNT

**Electric Cabbage Used in Running Down Two Burglars.**

Chicago, March 19.—An automobile, filled with policemen, in a chase after two burglars, created excitement in the stock yards district Sunday night and demonstrated a new use for the electric vehicles. The burglars were captured after a run of six blocks, but they used their pistols with such effect that the cab was twice punctured with leaden missiles, although the police officers inside escaped unharmed. Had the tires been punctured it would have been different.

The captured men were taken to the stock yards police station, where they were stored roundly at automobiles in general, and the one that caused their downfall in particular. They gave their names as Barney Dobbs and James Strickland.

## DECISION IS SEVERE ON THE BIG TRUSTS

**Branch of Standard Oil Company Not Allowed to Do Business in Texas.**

Washington, March 19.—[Special Telegram.]—The supreme court this morning decided that the Waters-Pierce Oil Company, a branch of the Standard Oil Company, has no right to do business in Texas, the state charter having been forfeited because of its action in restriction of trade by compelling merchants to purchase from it alone. The decision is a severe blow to trusts.

## CALL FOR EIGHT SHIPS

**Naval Program For 1900 Will Require \$62,000,000—No Gunboats Asked For.**

Washington, March 19.—An authoritative statement as to the new naval programme to be recommended by the house committee on naval affairs was obtained today as follows:

Two battle ships of 13,500 tons each, of the highest practicable speed and costing about \$6,000,000 each.

Three armored cruisers of 13,000 tons each, of the highest practicable speed, costing about \$6,000,000 each.

Three protected cruisers of 8,000 tons each, high speed, and to cost about \$4,500,000 each.

These recommendations will require a total expenditure of from \$50,000,000 to \$55,000,000, none of which will have to be appropriated at this session of congress because it will take nearly a year to draw up plans for the ship and not till then will appropriations be needed for their construction.

## AN ALL AMERICAN TRADE CONFERENCE

**Nearly Republics Favorable to United States' Invitation—Acceptances From Many.**

Washington, March 19.—The State Department has been more than gratified by the prompt and cordial responses received from all the nearer American republics to the formal suggestion recently made by the United States looking to the assembly of a general congress of all the independent governments on this continent similar to the pan-American conference which met in Washington in 1889.

Sufficient time has not elapsed for replies to Secretary Hay's letter to come from the more distant governments of South America, but their representatives here give assurances which dispel any doubt as to the unanimity of all Republics between the Atlantic and the Pacific as regards the proposal to meet as soon as possible, with a view to broadening the scope and extending the advantages of the agreements reached ten years ago.

Within a week or two at the utmost the last formal responses are expected to reach Washington, and in confidential anticipation the bureau of American republics, created by the last conference and now including in its membership every one of the republics, is taking up the preliminary work of the meeting which will be held, according to present intentions, at the City of Mexico, beginning in February or March 1901.

## RESCUED FROM AN ICE FLOE.

**Three Hunters Drift, About Benumbed by the Cold for Ten Hours.**

Chicago, March 19.—Three men in a boat went duck hunting on Lake Michigan off Cheltenham Beach Sunday, and before their day's sport was over two tugs and another rowboat were called into service to rescue them and bring them back home. The men who managed to keep several hundred people guessing about their fate for some hours were Ferdinand Vinzens, who works for the Illinois Steel company; George Adams, a cigarmaker, and John Lustig, a cobbler. Several police officers and five men aided in the rescue.

## Mermaids by the Foot.

Speaking of exhibition mermaids, it may not be known that Japan exports these shams in assorted sizes, in glass cases, at so much a foot. They are made of the body of a fish and the dried head of a monkey, so skillfully united that it is difficult to detect where one begins and the other ends.

## COMPROMISE PLAN MAY BE ADOPTED

**Basis of an Agreement on Porto Rican Problem In Sight.**

## FREE TRADE IS GAINING

**Tariff Leaders In the U. S. Senate Are Yielding to the Public Demand.**

**Plan Is to Drop Duties, But Declare Constitution Does Not Extend Over Islands—The Agreement Upon Which Administration Now Hope to Establish Party Harmony—Special Committee Hard at Work Forming Plans to Pass the Bill.**

Washington, March 19.—[Special Telegram.]—In the senate this afternoon Beveridge presented an amendment to the Porto Rican bill providing for absolute free trade, but that nothing in the bill be construed to mean that the constitution of the United States is extended to the island.

When the house convened today the senate amendment to the Porto Rican bill refunding to Porto Rico two million dollars paid under the Dingley act, was taken up. Cannon of Illinois, moved to non concur in the amendment.

San Juan, Porto Rico, March 19.—[Special Cablegram.]—All the business houses were closed today and a mass meeting was held in which resolutions were adopted demanding immediate action on the tariff.

Washington, March 19.—Opposition to free trade is weakening, and it is believed that the harmony committee of the senate will adopt a compromise plan which gives Porto Rico free access to American markets by a declaration that the constitution does not extend to Porto Rico and adopting the Foraker bill, which provides a civil government for the island.

The senators who favor free trade are standing their ground, despite all efforts to win them over to the other side. The tariff bill now lacks a majority and the managers of the senators are unable to see where a majority is to be had for the measure.

Senator Cullum told a member of the harmony committee today that he would not vote for the house 15 per cent bill. He is now counted for free trade.

Senator Foraker, chairman of the committee, is now getting many letters from Ohio urging free trade for Porto Rico.

## House May Take a Hand

It is rumored today that the opponents of the house bill will try to secure the passage of a resolution in the house recalling the 15 per cent bill from the senate.

Today the harmony committee of the senate is holding a meeting trying to ascertain what sort of a compromise, if any, can be put through. The task of these gentlemen—who are facetiously called "the pall bearers" about the capitol—is not by any means an easy one. There appears to be but one practical compromise scheme in sight, to wit, free trade, and to this the President and Senator Hanna are not yet ready to listen. But they may be forced to it before the week is over.

## The Compromise Proposed

The compromise most in favor with the members of the committee on harmony is a compromise that provides for free trade. Its three vital features are:

First—Free trade.

Second—A declaration that the constitution does not extend to Porto Rico.

Third The civil government plan of the Foraker bill.

Well-informed senators predict that the harmony committee will adopt this plan and that it will pass both senate and house and become a law.

## CONTEST OVER WOMAN'S CASH

**Relative Fights Queer Claim of Strangers to \$1,000 and Realty.**

St. Joseph, Mo., March 19.—Mrs. Mary Ann Craythorne, eccentric and aged 50, died suddenly Feb. 2, with no relatives in the city, leaving a valuable residence and three lots at Main and Rosine streets and \$1,000 in cash. Mrs. Jane Bennett of Indianapolis, a sister of the dead woman, arrived a few days since to look after the estate, and found Bert George and wife, strangers, recently from Des Moines, in possession. They claimed they had rented quarters from Mrs. Craythorne, and say that after a few days' acquaintance she gave them the property to care for her. They refuse to vacate. Mrs. Bennett says she believes her sister's death was unnatural. The body will be exhumed and an examination made of the dead woman's stomach.

## MRS. ELLEN HANSON DIED SUDDENLY

BURSTING ARTERY IN HER LEG  
CAUSED DEATH.

She Was Found Dead In Her Room  
At the State School For  
the Blind With Which She  
Has Been Connected For Forty  
Years.

Suddenly and without warning death came to Mrs. Ellen Hanson at about 10 o'clock yesterday morning. She was in her usual health at breakfast time and shortly after the meal, went to her room at the State School for the Blind, with which institution she has been associated for nearly forty years.

She was busy about the room until 10 o'clock. Soon after that hour an attendant had occasion to call on her and on entering the room was shocked to find her sitting in a rocking chair dead.

An examination revealed the fact that her sudden death was caused by the bursting of an artery in the ankle of her right leg. She was evidently raising a window when the accident occurred, and was just able to turn and reach a chair near by. The loss of blood was so profuse and so rapid that the physician who was summoned said that life must have been extinct within two or three minutes.

Mrs. Hanson was a native of Norway. She came to this country in early life and in 1861 was employed by the state at the State School for the Blind. She served in various capacities, and for the past twenty-two years had been the instructor in the weaving department. She was in her seventieth year, and while not an invalid, had suffered almost constantly for the past three years, as the result of a broken hip, from which accident she never fully recovered.

Mrs. Hanson possessed a rare and sturdy character; quiet and unassuming, yet strong and vigorous for the right, her influence has ever been an inspiration in the household. Her pupils took into life a thorough knowledge of weaving; for she was a skillful instructor; they also took into life characters whose warp and woof were delicate threads of a conscientious life, wrought out with never a break or tangle, in the long years of her experience.

Without an enemy, but with a host of friends, who now, with one accord, call her name blessed. She has gone to take up the broken threads in the life beyond. Her memory like a sacred benediction, will live for many years in the place where she wrought so faithfully and well.

Her only daughter, Mrs. J. H. Jones, who for many years has been musical director at the State School, was in Chicago at the time of her mother's death. She returned with her daughter and son-in-law, Mr. and Mrs. Charles Adams, last evening.

The funeral will occur Tuesday afternoon at 2:30 o'clock, and will be in charge of Rev. Mr. Denison of the Congregational church, with which society Mrs. Hanson had long been identified.

Mrs. Lucetta Wasgatt Sexton

Mrs. Lucetta Wasgatt Sexton died Saturday evening at 6:20 o'clock at the West Milwaukee street home of her mother, Mrs. Elizabeth Wasgatt. Her death was sudden and was the result of internal hemorrhage. Friday Mrs. Sexton was apparently as well as she has been during the past year and a half. Saturday afternoon when Mrs. Wasgatt left home her daughter was busily engaged in sewing. On her return she found her daughter bleeding freely. A physician was at once sent for. Mrs. Sexton then failed fast and soon grew unconscious, being unable to recognize those about her. She continued unconscious till her death.

Mrs. Sexton was born at Monticello, Green county, April 8, 1878. She was united in marriage to Sidney Sexton on April 7th, 1899. She was a member of the First Baptist church of Janesville for eight years. She leaves besides a mother, two sisters, Mrs. Ethel Wasgatt Dennis, and Miss Amber Wasgatt, both of this city, and a half brother, G. N. Egnor of Decatur, Ill.

Mrs. Sexton was a woman held in the highest esteem and loved by all who knew her. From the Baptist church this afternoon at 2 o'clock funeral services were held officiated over by Rev. A. C. Kempton. The burial took place at Emerald Grove.

Christopher Atkinson

Funeral services over the remains of the late Christopher Atkinson was held this morning at 9:30 o'clock from St. Patrick's church, the interment being in Mount Olivet cemetery.

Mrs. Zora Jane Young

The funeral of the late Mrs. Zora Jane Young was held from her home, in the town of Rock, Sunday afternoon at two o'clock.

## FEDERATION VS. PRINTERS.

Typographical Union, No. 16, Expelled by Chicago Federation.

WILL APPEAL TO SAM GOMPERS.

Printers Denounced for Not Continuing a Boycott as to Which the Federation Now Claims to Have Sole Jurisdiction.

Chicago, March 19.—Summary action was taken by the Chicago Federation of Labor Sunday against Typographical union No. 16. That union was expelled from the federation by a practically unanimous vote, for what was declared to be treasonable action toward the central body, and in expelling the printers it maintained the position that it took eighteen months ago, when a boycott was first established against two local papers singled out for the purpose. Chairman James J. Ryan of the printers' delegation gave notice of an appeal to the American Federation of Labor, and the printers left the hall.

The resolution expelling the printers was as follows: "Some eighteen months ago the Chicago Federation of Labor and Allied Printing Trades council placed a boycott on the Chicago Daily News and the Record. It was thoroughly understood at the time that a settlement of any kind that was to be made was to be made with the publishers of the Chicago Daily News and the Record should be made by the executive board of this federation and the Allied Printing Trades council. No organization had any right to withdraw their support from the boycott without notifying these bodies and obtaining their consent to any move in the boycott. The matter has been taken up by the executive board of the American Federation of Labor, and the executive board of the International Typographical union, and it is still being deliberated upon by these bodies.

"In defiance to the instructions of this body, and in defiance to their allegiance to the American Federation of Labor, local union No. 16 of the Typographical union passed resolutions at their adjourned meeting of March 11, declaring the boycott off, so far as the printers were concerned—in fact, as far as organized labor in Chicago and elsewhere was concerned. We believe that the printers had no justification in this act, and we believe that it is treasonable for any organization to thus defy the mandates of the central body.

"Therefore, be it resolved, That Typographical union No. 16 be expelled from this body until such time as they apologize for their act, and make amends in a suitable manner for their treasonable conduct.

"And be it further resolved, That the executive board of this federation look into the matter and report at the next regular meeting of this body any additional reprimand that in their judgment is necessary in the case."

**100,000 Machinists Go on Strike.**  
Chicago, March 19.—Chicago labor troubles are responsible for the disagreement of manufacturers and machinists, who closed their Grand Pacific hotel peace conference at a late hour Sunday morning in face of the understanding that within a month 100,000 machinists will be ordered to strike in all parts of the United States and Canada.

**Molders' and Mill Men's Wages Raised.**  
New Albany, Ind., March 19.—The molders at the Terstege-Globmann Stove and Range company will get a 15 per cent advance, and the skilled workmen at the rolling mills are to receive a 25 per cent increase. The latter are now getting the highest wages paid them since 1880.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.), dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Smith's Pharmacy, next to postoffice, kodak agents.

**Galusha A. Grow Seriously Ill.**

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

The little folks love Dr. Wood's Norway Pine Syrup. Pleasant to take; perfectly harmless; positive cure for coughs, colds, bronchitis, asthma.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles—horrible plague. Doan's Ointment cures. Never fails. At any drug store, 50 cents.

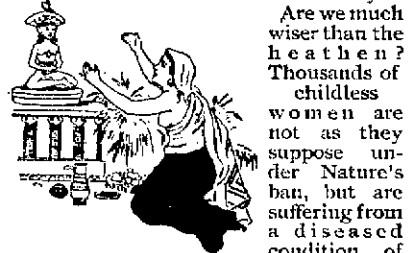

**If the Baby Is Cutting Teeth**

In the eighth round Whidden struck Cass with a six-ounce glove on the left side of the neck. Death resulted in half an hour. Cass weighed 170 pounds, being twenty pounds heavier than Whidden.

**City of Louisville Rescued.**  
St. Joseph, Mich., March 19.—The steamer City of Louisville, which had been fast in the ice fields some five miles off this shore some thirty-six hours, arrived in the harbor here at 4 o'clock Saturday afternoon, having been rescued by the tug Andy of the Graham & Morton line.

In the East childlessness is considered a curse from the gods. It is a pathetic sight to see some childless Hindoo mother prostrate before an idol, imploring that the curse of childlessness may be taken away.

Are we much wiser than the heathen? Thousands of childless women are not as they suppose under Nature's ban, but are suffering from a diseased condition of the delicate feminine organs. It may be debilitating drains or female weakness, and perhaps an ulcerated and inflamed condition of the parts. In any case the diseased condition must be removed and a healthy condition established before the maternal function can be fulfilled.

Many a mother acknowledges her debt to Dr. Pierce's Favorite Prescription, and to its inventor Dr. R. V. Pierce, of Buffalo, N. Y., who invites the sick to write and consult him without charge. "Favorite Prescription" promptly allays irritation, heals ulceration, checks the debilitating drains, cures female weakness and the accompanying bearing down pains. It gives vitality and elasticity to the organs, peculiarly feminine, and establishes the natural conditions which make for the easy birth of healthy children.

There is nothing just as good for you as "Favorite Prescription." Don't be put off with a substitute.

"I have never written you how grateful I am to you for your help in securing good health and one of the sweetest, dearest thirteen pound girls that ever came into a home," writes Mrs. M. Y. of Gay South Liberty St., Gatesburg, Ill. "When I wrote you about my ailments I was living in Richmond, Iowa. I took six bottles of Dr. Pierce's Favorite Prescription, four of the 'Golden Medical Discovery' and four vials of Dr. Pierce's Pleasant Pellets. Before I had taken four bottles of the 'Favorite Prescription' I was a new woman. I cannot make pen describe my heartfelt gratitude."

Dr. Pierce's Pleasant Pellets regulate the stomach, liver and bowels.

Flannagan, near St. Croix, where thousands of reptiles annually hibernate, and where more than fifty head of cattle have been bitten to death, was plowed up during the last cold weather and a large drove of hogs turned in. GOVERNOR SCOTFIELD IS COMPLIMENTED.

The Chicago Tribune pays Governor Scottfield a compliment because of his Delavan speech, saying, "the address of Governor Scottfield, of Wisconsin, was interesting not only because of the information he gave, but for the way in which it was put. He began by calling attention to the fact that ten years ago public interest in government was so slight that no attention would be paid to an address on state finances, and he then announced that the finances of Wisconsin are in a more prosperous condition than at any time during the last twenty years. The state is out of debt, the general fund in the treasury is not indented to trust funds, no money has been drawn in advance from the railroad companies, and nothing is owed to banks or individuals."

"This state of affairs is ascribed by the governor not to prosperity, but to an improved public sentiment that will not sanction lax business methods. Three years ago the general fund of the state was indebted to the trust funds, the railroads and the banks in the sum of over \$500,000. This debt was incurred not because of the inability or indisposition of the people to pay taxes, but because for twenty years at least it was considered better policy to go on in this manner than to levy annually the taxes necessary to keep the general fund solvent. Extra levies, he declares, will be needed no longer."

"There is one thing, he said, that should be preached and practiced by more state officials, and that is that taxes should not be levied in excess of actual needs. Gov. Scottfield says truly that the tendency of legislatures and public sentiment is to increase the public revenues. 'I desire to say to you now,' said the governor, 'that where there is collected from the public \$1 more than is necessary to carry on the legitimate functions of government, there is danger of extravagance and ultimately worse than extravagance. These are true words and their truth is being proved today in congress, where men are scheming to find ways to spend the surplus created by a war tax no longer necessary.'"

The Milwaukee Evening Wisconsin, in speaking of the victory achieved by Henry J. Baumgartner in the Milwaukee mayoralty nomination fight, says:

The Wisconsin believes as it has said before, that the republican nominee for the mayoralty ought to be elected over the democratic nominee, David S. Rose. \* \* Since the republican party ran its first candidate for the presidency, in 1896, the Wisconsin has never advised its readers to support the democratic ticket.

This has the right ring to it. Milwaukee should be republican.

The esteemed Chicago Journal gives this family publication credit for the following paragraph:

The first drink makes some men act like they were 15 cents poorer; the third like they were ahead of the game, and the seventh a millionaire.—Janesville Gazette.

We never said anything of the kind dear Journal. This is the Janesville, not the Police Gazette.

As the new caucus law is likely to work somewhat slowly, business will be greatly expedited if the voters will bear in mind the fact that there will be separate ballot boxes for each nomination to be made, and all should be ready with a ballot for each one before he offers to vote.

The death of Gen. Henry Harnden, at Madison, removes another picturesque hero from this mundane sphere. Gen. Harnden won a world wide reputation for the capture of Jefferson Davis, and had distinguished himself in his private as well as in his military life.

"Major" Sampson, the more or less celebrated Chicagoan, appears to be greater than the democratic party. Therefore "he win his fight" and has been formally declared to be the "original and real gazabo candidate for alderman from the Twenty-third ward."

The British government is "irritated"

because President McKinley offered to act in the South African trouble. No serious inflammation has yet developed, however, and it is thought that a cold poultice will prove effective.

The fact that the Standard Oil Company recently paid a dividend of \$23,000,000 confirms the statement that oil will smooth out the troubled waters, and proves that Andrew Carnegie is not the only real flower in the bouquet.

"Boers Holding The Passes" says a newspaper heading. And still it is claimed the Boers are a progressive people! Such iniquity! No Boer should stick up his political head in Wisconsin!

The Topeka Capital will continue as a "Christian daily." People who prefer a newspaper, however, are reminded of the fact that the price of this household gem has not been increased, and "now is the time to subscribe."

The stockholders in The Topeka Capital Co. are now fighting among themselves and the "devil" appears to have succeeded Rev. Mr. Sheldon as editor-in-chief.

And, in spite of all, The Milwaukee Sentinel was magnanimous enough not to crow over its defeated contemporaries.

"Coffin Makers Union No. 13" was organized in Chicago last Friday. Gee Whiz!

Come, now, Milwaukee! All together! Pull to elect a republican mayor!

Attend the caucuses tomorrow night and do your duty as a citizen.

WHY WOMEN WORRY MOST.

Have More Leisure Time Than Men and Naturally Think Over Things.

From time immemorial women have been told—by women, as well as men, though naturally more often by the latter—that worry digs wrinkles in their faces and sprinkles gray among their tresses. These warnings do little good. The fair creatures go on worrying and will probably continue to do so until the millennium comes.

Why this is so is answered in this way: The question of worry with women seems to be simply this: Women are so hedged about by the littleness of their protected lives—for it is the protected woman who does the most worrying—that it is hard to see beyond and above sometimes, and matters in this way get wholly out of focus. If women had the capacity with men of getting up and doing battle with things worry would slip off their shoulders as easily as from those of the average masculine. Man doesn't worry about debt, because he feels that he has it within him (since money-making is his business) to make sufficient money to pay his debts—some time. Women look at it more practically, and consider the now. Man doesn't generally worry about his health, because he really has not the time. Let him become ill, though, and have to stop his work, and how is it with him? Man doesn't worry about the future—he is so madly interested in the present: not about his clothes, for the tailor stands between him and that; nor about home matters—they, from his point of view, are too trivial—until he comes home to a badly cooked dinner, and then in his broad outlook there is no excuse for this state of things, for in business, if an employee does not do his work properly, his employer gets some one who can, a method that will get come to be a powerful lever in the leveling of women's worries.—Detroit Free Press.

Using the Life Rocket.

On a coast where shoals and reefs make the use of a life boat impracticable, or where the breakers and surf put an insurmountable barrier between the distressed crew on a wreck and the brave men on shore, the life rocket is resorted to; and, if the ship is within a certain distance, the swift traveling line propelled through the air comes like a messenger of hope and life to those poor souls who, but a moment before, seemed beyond the reach of human aid. But see! Suddenly a snow-white serpent shoots up in the air. It comes nearer and nearer; the anxiously strained eyes can now see the line which travels with it. It has reached the wreck and has been seized by eager hands. Quickly it is pulled through a tail-block, and, as they haul on, a stout rope soon follows in its wake. Next comes a hawser, by means of which food and restoratives can be passed to the sufferers. Lastly comes the life-buoy, and one by one the crew is safely landed. Sometimes a kind of car is sent, in which several people can be rescued at the same time.

Believed in Ghosts.

Dr. Elliott Cones, the famous oral chologist: whose death took place recently, was a firm believer in ghosts, and promised several of his friends that he would appear to them after his demise. He used to say that he was able, at a certain time each day, to project what he called his conscious body from his material body. This conscious body was at once surrounded by phantoms, most of them strangers to him, but some of whom resembled dead friends. They conversed but not audibly to him.

A Favorite Rendezvous for Tramps.

Two years ago a well was drilled on the Har's farm, near Independence, Mo., in search of oil. The well was put down by some eastern company. Situated in a secluded place along a little creek, very few people ever knew that the well had been drilled. What was found in the well will never be known, for as soon as it was completed, it was immediately filled up with rock and dirt. Lately, however, gas has begun to issue from the well, and now it comes forth in considerable quantities. It is not far from a little station on the Santa Fe railroad, and this winter the tramps have taken possession of the place. They have piled rocks around the well and turned a part of an oil stove over it, on which they cook. They have put up a shanty, and in the center of the room their stove heated it with natural gas. The advantage of natural gas has made the place a favorite rendezvous for tramps for miles around, and they have quite a colony there.

## EDWARD V. WHITON DIED THIS MORNING

PASSED PEACEFULLY AWAY  
AFTER SUFFERING MONTHS.

Well Known Resident of Janesville Being Highly Respected—Mrs. Williams Died This Morning At the Age of Eighty-Two—Has Resided Here For Many Years.

After a long and painful sickness Edward V. Whiton passed peacefully and painlessly into final rest at one o'clock this morning. He was born in Janesville, November 1st, 1853 and was therefore in the forty-seventh year of his age.

All his life has been passed in Janesville except when absent at school. He was educated in our city schools and in the State University. He has been engaged at various times in the abstract business, drug business, in the post office and last as clerk of the municipal court. He was married here August 9th 1876 to Mary L. Atwood, who with four children, Edward V., Lucetta A., Amorette T. and Victor A. survive him.

He was the only son of the late Chief Justice Edward V. Whiton, who probably more than any other one man shaped the destinies of the city of Janesville and the state of Wisconsin. As a lawyer in the early history of the city Chief Justice Whiton was said to be the strong man of Janesville. In the assembly at Madison and as speaker of that body he took an active part in framing the territorial code. The first revised statutes of the state in 1899 were published under his supervision. He helped frame the constitution of the state and later interpreted it as judge of the circuit court for this district and as a justice and chief justice of our supreme bench said of him "that he was great where he least thought of greatness, but great only where man can be truly great, because he was wise and good." Dying when his son was a child, he nevertheless bequeathed to him these sterling traits of character, which were carefully fostered by the mother, now the wife of Dr. J. B. Whiting, who still survives her oldest son.

Although his taste did not lead him to follow the profession of his father, Edward V. Whiton had the analytical mind, the capacity for reasoning and the love of study that would have made his mark as a lawyer. He was in all things careful, accurate and painstaking and in any business, he was engaged soon mastered it. His character was that which makes and keeps friends and in this city, his home, those friends are legion. His liking was for a quiet home life. In the sacred precincts of his home, with his wife and children, he found his true happiness and those who are left to mourn will always have the recollection of this life assuage the sorrow which his death brings.

Funeral services will be held from the Milwaukee avenue home Wednesday afternoon at 3 o'clock.

Mrs. Lucy N. Williams died this morning at 10:30 o'clock at the home of her grand daughter Miss Estella Williams, 107 Court street. Cause of her death was infirmities of old age. Mrs. Williams was eighty-two years of age having been born at Hartford, Conn., on November 1st 1818. She leaves one sister, Mrs. E. P. Bly, of LaCrosse, and three grand children of this city: Miss Estella Williams and Orville and Frank Williams of this city. Notice of funeral will be given later. Burial will take place at the cemetery at Evansville.

Prayer will be offered at the home tomorrow afternoon at 2 o'clock. Services to be held in Evansville Wednesday at 2 p. m.

Margaret M. Wixon

Margaret May Wixon, aged seven months, daughter of Mr. and Mrs. J. C. Wixon of the town of Harmony, died Sunday morning after a brief illness. Funeral services will be held from the house tomorrow afternoon at 1 o'clock. Interment will be made in Johnstown cemetery.

Walter H. Frost

Beloit, March 19.—[Special]—Walter H. Frost, a well known young man of this city, died Saturday, after a lingering illness of consumption. He was twenty-six years of age. The funeral was held this morning at the house, at 11 o'clock, and the remains were taken to Roscoe for burial.

## SAVED LIVES AT THE BRIDGE.

Lawton's Cousin Saves Fire at Macoupin Creek and Gives Warning.

Carlinville, Ill., March 19.—The 100-foot trestle near Macoupin, five miles south of this city, caught fire from a train yesterday afternoon and thirty-four feet of the same was destroyed. The fire was discovered just in time to prevent a passenger-train wreck on the Alton railroad, which owns and uses the trestle. The Chicago limited went by way of Roodhouse, as all traffic over the trestle was blocked until morning.

## SUES FOR WAGES EARNED DURING 1894

Case Was Called This Morning—Interested Parties are Both Well Known in Janesville.

In the Rock county municipal court this morning was called the case of William Meggett vs. John Luck. The interested parties are both well known in Janesville for many years having resided in this section.

Mr. Meggett brings action for the collection of \$15.50 which sum he alleges is due him for fifteen and one half days' work in leaf tobacco that he has performed for the defendant at the rate of one dollar a day. He further alleges that this labor he performed during the month of March and April 1894. The defendant in his answer this morning denied every allegation made in the complaint further claiming that all claims made by the plaintiff had been settled in full.

The case was taken on a change of venue from Justice Patten's court. This morning it was adjourned till April 4. Smith & Pierce appeared for the defendant and Justice M. P. Richardson represented the plaintiff.

## ADJOURNED CASE TILL APRIL SECOND

Dougherty and Daverkosen Were Discharged This Morning But Were Rearrested.

When the case of the State against Thomas Dougherty and Robert Daverkosen, who are charged with assault with intent to rob Edward Connell on Nov. 20th, 1899, came up in the municipal court this morning, an adjournment was taken until April 2.

At 10 o'clock the case was called. W. G. Wheeler appeared on behalf of Mr.

## THE BALLOT WILL CLOSE AT 8 O'CLOCK P. M. SHARP

Under the new caucus law, and the calls issued, all voting at the caucuses tomorrow evening must stop at 8 o'clock sharp, and the ballot must be declared closed at that hour. This is the opinion given the chairman of the city committee by Assemblyman Wheeler, District Attorney Jackson and others who have made a study of the new regulations.

Voters, therefore, should be at the caucuses early. Remember the ballot will close at 8 o'clock sharp.

Dougherty and District Attorney W. A. Jackson represented the state. Mr. Daverkosen had no legal representative. When the case was called the defendants were discharged but immediately rearrested. This was done so as to involve both defendants in the same case there previously being two separate cases.

## DISCOVERED FIRE BUSINESS SECTION

Flames Had Gained Much Headway in a Frame Structure in Rear of Hayes Block.

Timely discovery was all that saved the city from a serious conflagration last evening. At 10:50 o'clock, while on his way home, Mark Bostwick smelled smoke coming from the alley in the rear of the Hayes block, corner Main and Milwaukee streets. On entering the alley Mr. Bostwick discovered fire in the one story frame building located in the rear of the William Hart saloon. An alarm was sent in and the department was soon on the scene. On breaking in the doors it was found that the flames were getting in their work in a room formerly occupied as an office when Todd's brewery occupied the building. Work on the part of the fire police extinguished the blaze. No water was thrown. The damage will reach about \$1. The damaged structure is owned by the Lappin estate. The building adjoins several wooden structures and is within but a few feet of the Archie Reid & Company dry goods store and the Hayes block.

## MYERS IS FIGURING ON GRAND OPERA

"THE HIGHWAYMAN" MAY BE PRODUCED IN THIS CITY.

If Citizens Will Support the Move a Big Society Event Will Be Provided—Some First Class Attractions Before Close of the Theatrical Season.

Peter L. Myers, manager of the opera house, is making an effort to bring De Koven & Smith's popular opera, "The Highwayman" to Janesville. It is intended to make this production, which is first class in every respect, a society event in this city. But grand opera is a costly affair and it would never pay here worked through the regular theatrical channels. Mr. Myers will circulate a subscription list within a few days for the sale of seats. If Janesville citizens are willing to support one night of grand opera it will be given.

Mr. Myers returned from St. Paul and Minneapolis this morning where he went Saturday to try to make arrangements with "Sporting Life," which has just closed in those cities. Mr. Myers made the management a very liberal offer and thinks the chances are very favorable for its appearance here next month.

Belle Archer in "A Contented Woman" which made a hit here earlier in the season will play a return date in May. The closing of the theater season this year will be the strongest ever known in the history of the city. Sol Smith Russell's company in the "Poor Relation" will come here April 21.

"The Village Postmaster" with Archie Boyd who has appeared here in the "Old Homestead" and "Shore Acres" is booked for April 19. "Arizona" which played at the Grand Opera House all last summer will be here April 23. Walker Whiteside in "Hamlet" April 7. Richard & Pringles' musical festival March 29, Roger Bros. in the acrobatic comedy entitled "Next Door" on March 28.

GERMAN'S STRANGE TIMEPIECE

Took Him 12 Years to Make His \$40,000 Clock.

A remarkable clock is to be placed on exhibition here in the near future. It has taken 16 years for the inventor, Carl Julius Speath, a native of Baden, Germany, to build it. Not until 1884 did he start to build this clock. It is what the inventor calls an astronomical art clock. All parts of it were made by Speath himself out of raw material. The smaller parts are plated with gold or silver, the larger parts are of nickel. The case is 7 feet high, 4 feet wide, and 2 feet deep, and is made out of oak wood, waxed and polished. On the top, at the left hand, stands a rooster, which crows three times, just before the clock strikes 12. The cock's crow immediately brings out a cuckoo, which chirps if the season picture beneath the roof shows spring; a quail appears and shrieks if it is summer; in autumn a bull jumps out and bellows, and in winter a lion rushes forth and

Washington, March 19.—Pending action on the Puerto Rican problem two appropriation bills on the calendar will receive attention in the senate this week. These are the legislative and the Indian bills. There is one amendment suggested to the legislative bill by the committee on appropriations which may arouse considerable debate and open up the Philippine question. This is the item providing for the establishment of a hydrographic office at Manila. Opposition senators recognize the possibilities of this amendment as a basis for discussion, but they are not fully decided to avail themselves of it. In connection with the Indian bill the expenditures authorized to be made by the Dawes commission probably will be discussed.

Senator Mason has given notice of renewed effort to get up his resolution of sympathy with the Boers on Monday, but says he does not desire to speak upon it. The senate leaders consider his resolution unwise at this juncture.

There is a difference of opinion as to whether, under the agreement to take up the Quay resolution for consideration on April 3, it can be called up, even for speeches, in the interim. It is probable, however, that some addresses may be presented on the subject during the present week if no other matter presses for consideration. An effort will be made by Senator Davis to get up the Spanish claims bill.

In executive session there will be an attempt made to secure the confirmation of W. D. Bynum as appraiser at New York, which attempt does not promise to be immediately successful. The Hay-Pauncefote treaty will be considered if opportunity permits, but the present indications are against an early move in that direction.

Monday is District of Columbia day in the house. Tuesday the Loud bill, relating to second-class mail matter, will come up under a special order seeing aside Tuesday, Wednesday and Thursday for its consideration. Friday, under the rules, will be given to private-pension legislation unless that order is superseded by the army appropriation bill, which is on the calendar.

Gen. Joseph Wheeler may present himself at the bar of the house to be sworn in some time during the week. So far as can be learned there is no objection on either side to his admission if his resignation as a brigadier-general in the army shall have been accepted before he presents himself. The case, however, may be referred to a committee.

The St. Louis representatives are earnestly laboring to secure consideration for a bill appropriating \$5,000,000 for the world's exposition to celebrate the centennial anniversary of the Louisiana purchase in 1903, but thus far they have failed to secure the consent of the powers that be in the house.

**Rewards for Generals.**

Washington, March 19.—Gen. Joe Wheeler may be placed upon the retired list of the regular army, as it is the intention of the president to ask congress for special legislation giving him authority to retire Gen. Wheeler, Gen. Fitzhugh Lee and Gen. Wilson, with the rank of brigadier general. This will be done, it is said, as a reward for the excellent services of these three officers, and in Gen. Wheeler's case because of the friendship existing between the president and the gallant little warrior. The Alabamian is, therefore, in doubt whether he should, after all, take his seat in the house.

**Uncle Sam Protector of Tutuila.**

Washington, March 19.—Commander B. H. Tilley, commandant of the Pago-Pago coaling station, and senior officer of the United States in the new Samoan possession, has officially notified the personal chief of Tutuila, on which Pago-Pago harbor is situated, of the transfer of that and adjacent smaller islands to the authority of the United States, and promising protection and assistance to the inhabitants.

**Negro Shot by a Mob.**

Atlanta, Ga., March 19.—A mob of masked men, numbering about 150, marched to the jail in Marietta at 1 o'clock Sunday morning, battered down the door with crowbars, awakened John Bailey, a negro charged with attempted outrage, marched him to the center of the courthouse square, and fired fully fifty shots at him, leaving him for dead in the spot where he fell.

**Filipino Bandits Condemned.**

Manila, March 19.—The military commission appointed to try the Ladrone leaders, Morales and Gonzales, who were accused of murdering Filipinos, has found the prisoners guilty and sentenced them to be hanged on March 30 near Bayambang. This action is intended to suppress outrages by bands of outlaws, but as the insurgents have some sixty American prisoners in their hands, they may retaliate.

**Drops Down Mining Shaft.**  
Cheyenne, Wyo., March 19.—J. S. Stewart of Lead, S. D., had a thrilling experience a few weeks ago in the Grand Encampment copper mining district, in southern Carbon county, when he dropped down a 150-foot shaft. He got into the bucket to go down the shaft to inspect the workings. All of a sudden the speed of the bucket in its downward course increased, and, to use Stewart's words, "it seemed as though the earth was going up into the sun." When within fifty feet of the bottom the speed of the bucket suddenly slackened, and finally slowed down to its ordinary gait. Something had happened to the machinery, but the mishap was rectified before the bottom of the shaft was reached.

**Right Skeleton's Found.**  
Guthrie, Ky., March 19.—Eight skeletons, believed to be those of traders murdered many years ago, were unearthed by laborers building a switch on the Louisville & Nashville railroad near town Saturday. Forty years ago in a hollow where the skeletons were found stood an inn. In the spring of 1852 eight traders left Nashville for St. Louis with a large herd of cattle. They disposed of the stock, and a few days later started upon their return home. Nothing more was ever heard of them, although they were traced to this section.

**Successfully Operated for Blindness.**  
Chicago, March 19.—Mrs. F. C. Parker of this city, after having been totally blind for seven years, has regained her sight by a remarkably skillful and successful surgical operation. Mrs. Parker was married in Chicago seven years ago. Shortly afterward her sight began to fail, and total blindness soon followed. Recent X-ray examinations disclosed a hypertrophy of the occipital lobe of the brain, which made it necessary to trephine the skull and make incisions to diminish the pressure on the optic nerve, and this daring operation proved entirely successful.

**Burglars Play Ragtime Tunes.**  
Chicago, March 19.—Musically inclined burglars entered the home of Mrs. Annie Roberts, 363 Carroll avenue, Sunday afternoon, during her absence. Strains of "I'll Leave My Happy Home for You," "All I Want Is My Black Baby Back," and many other ragtime ditties were heard issuing from the home, and persons living in the vicinity believed that Mrs. Roberts was entertaining company. When she returned home she found her house in confusion. A piano cover and \$1.50 were all that was missing, but the burglars had made a thorough search for richer booty.

# CATARRH: FORERUNNER OF CONSUMPTION.

Few realize what a deep-seated, obstinate disease Catarrh is, regarding it as a simple inflammation of the nose and throat, little or no attention is given it. But, however insignificant it may seem at first, it is serious and far-reaching in its results. The foul secretions entering the circulation poison the entire system. The stomach, kidneys—in fact all the organs—feel the effect of this catarrhal poison, and when the lungs are reached its progress is rapid and destructive, and finally ends in consumption. It frequently happens that the senses of hearing and smell are in part or entirely lost, the soft bones of the nose eaten into and destroyed, causing intense suffering and greatly disfiguring the face. While sprays, washes and salves may give temporary relief, no permanent benefit can be expected from such treatment.

## CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon them for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease. S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mrs. Josephine Volbilt, of Due West, S. C., writes: "I had Catarrh, which became so deep-seated that I was entirely deaf in one ear, and all inside of my nose, including part of the bone, floughed off. When the disease had gone this far the physician gave me up as incurable. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonic and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

**DINSMORE IS FOUND GUILTY.****Jury Recommends That the Nebraska Hypnotist Be Hanged.**

Lexington, Ky., March 19.—Frank Dinsmore was declared guilty of the murder of Mrs. Dinsmore and Frank Laue on Saturday, the jury recommending that he be hanged. Several months ago Frank Laue of Odessa, a prominent grain merchant, who occupied a double house with Frank Dinsmore, was found dead in his bed, shot through the brain. In the adjoining room was Mrs. Frank Dinsmore. Her death resulted from Sulphuric acid. Dinsmore awoke neighbors at 3 o'clock in the morning, saying Laue had committed suicide, after inducing Mrs. Dinsmore to take poison. Mrs. Laue, who soon after the crime was committed married Dinsmore, confessed to knowledge of the crime, and said Dinsmore exercised some peculiar influence over her which she was unable to resist, and she was unable to repeat her story in court until she had been granted permission to put on colored glasses to shade her eyes from the glance of Dinsmore.

**MORE SMALLPOX AT YALE.****William David Brennan, a Senior, Stricken with the Disease.**

New Haven, Conn., March 19.—William David Brennan of St. Paul, Minn., a senior in the Yale Sheffield scientific school, who rooms in a students' boarding house at 113 Wall street, a block away from the Yale campus, is ill with smallpox, making the fourth case among Yale students in two weeks. About a dozen students were boarders at this house, but only two and the patient are in the building at present. Over 100 other students have left town, among them thirteen students living at the chapter house, in which Rufus Parks of Washington, D. C., is confined, suffering from varioloid, for their several homes. Parks was a boarder in the house where Perkins, who was first stricken, a week ago, resided, and it is from that source he developed the symptoms of smallpox. Besides Brennan and Parks, four other students are now quarantined. Brennan is one of the leading athletes in Yale university, and he is said to be about the fastest mile runner at Yale. None of the cases is at all serious.

**KILLS GIRL AND HIMSELF.****Married Man Jealous of Boy's Intimacy with His Mistress.**

Chicago, March 19.—Morris Goldfuss shot and killed Jennie Liss Saturday night at the hotel Vendome and then killed himself. Both were well known in the Jewish community thereabouts. The murderer was 27 years old and the girl was 15. He was married. They had been registered as S. Cohen and wife. They had been keeping up their liaison for some time, unsuspected by Goldfuss' family. Jealousy over the girl's intimacy with a boy of her own age is believed to have caused the tragedy.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and when any of my family or myself begin to catch cold, we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Menckle, General Merchant and Farmer, Mattie, Bradford county, Pa. For sale by Smith's pharmacy, next to postoffice, kodak agents.

## Health is Wealth

When a promising opportunity presents itself or is found, seize upon it. The wise man is he who aims to maintain perfect physical health, rather than he who devotes all his energies in amassing wealth. A healthy beggar is happier than an invalid king. When health is ours we may win wealth, fame and happiness.

**To take Magnetic Treatment one does not need a great deal of wealth.**

Often-times people are cured of complicated diseases in a few treatments, and the charges are very moderate. Do not delay—the longer you put off getting health, the more difficult it will be to regain it.

### CURED AFTER FOURTEEN YEARS.

TO WHOM IT MAY CONCERN—After suffering fourteen years with muscular Rheumatism, I can say that five treatments given me by Prof. Dennis did me more good than nine weeks spent at the hot springs of Mt. Clemens, Mich.
